PRESS RELEASE No. 01 /ACBR/PS OF AUGUST 8, 2025

The Embassy of the Republic of Cameroon in Brasilia informs the public that, following recent updates to the **E-visa** platform, an increasing number of travelers are arriving at the entry points of Cameroonian territory with pre-enrollment forms containing errors or incomplete information, despite prior approval.

The main irregularities observed include:

- **Misspelled or omitted names**, given names, or maiden names;
- **Incorrect passport numbers** or other identifying information;
- **Missing mandatory documents**, such as:
 - A valid passport,
 - An international vaccination certificate,
 - Proof of the purpose of stay,
 - Evidence of sufficient means of subsistence,
 - A round-trip travel ticket,
 - A certificate of accommodation or an invitation letter.

These irregularities may result in **denial of entry into Cameroonian territory**, including for applicants whose pre-enrollment has already been approved.

Accordingly, the Embassy strongly urges all applicants to:

- **Carefully verify** the accuracy of all information entered during the online visa application process;
- **Ensure that the data provided exactly matches** the information in their passport;
- **Submit all required supporting documents**, in accordance with the legal and regulatory requirements.

The Embassy counts on the understanding, vigilance, and cooperation of everyone to ensure the efficiency and credibility of the consular process. /-

L'Ambassadeur,

Martin A. MBENG
